

Childbirth Education Classes to begin

Planned Parenthood of the Palm Beach and Treasure Coast Area, Inc. will offer a childbirth preparation class on Saturday, Sept. 28 at the Belle Glade Planned Parenthood office, 132 S.W. Avenue B, for interested mothers with delivery dates from October through December.

The workshop will include relaxation techniques, anatomy, understanding labor, breathing exercises, and communications with the medical team.

The workshop will be held from 10 a.m. to 6 p.m. For more information or to sign up, please contact Tammy Jackson at Planned Parenthood, 996-4223.

City Recreation Dept. offering aerobics

The City of Belle Glade Parks and Recreation Department is offering aerobics for the summer and fall of 1996 on Tuesday, Wednesday and Thursday evenings.

The first class on Tuesday is basic fitness with Michele from 5:30 to 6:10 p.m. and the second class is from 6:15 to 7 p.m. This class is called "Totally Step II" with Michele. On Wednesday, classes start at 5:45 to 6:45 and includes step, floor and weight exercises with Patti.

Thursday's schedule is from 5:45 to 6:45 and includes low impact, step weights and floor exercises with Michelle.

No registration is necessary. Cost is \$2 per class and those ages 16 and under pay just \$1 per class. Resebok steps and weights are supplied. Participants should bring a mat or towel and wear work-out attire.

For more information, call the Belle Glade Parks and Recreation Department at 996-0100.

Glades Political Forum

The Glades Political Forum will be held Thursday, September 19 at the Belle Glade Elks Lodge. The forum will begin with a fish fry at 6 p.m. and the candidates' forum will begin at 7 p.m.

Tickets are \$6 each and are available at the Belle Glade Chamber of Commerce.

New AA group forms

The New Hope Group, a new Alcoholics Anonymous meeting, will be held each Sunday at 7 p.m. at the New Hope Family Center, 7450 State Road 15, U.S. 441, Pahokee. Everyone is welcome to attend.

For information and/or transportation, call Milagros at 924-7947, or Harry at 305-567-9125.

Support group offered

The Alzheimer's Association is looking to start a Support Group for caregivers of dementia victims. If you have any input, please contact Jackie Osborne at 924-7283 from 8 a.m. until 5 p.m.

TAKING A BREAK FROM CAMPAIGNING. Phil Butler, candidate for state attorney, visited the Glades Saturday and spent time at Pahokee's Health Fest '96. He took time to have some fun in the Moon Bounce with local children.

Palm Beach County State Attorney candidate Phil Butler and supporters tour the Glades

Phil Butler, Republican candidate for Palm Beach County State Attorney, along with a bus load of supporters, spent Saturday, Sept. 7, campaigning in Belle Glade, South Bay and Pahokee. The tour included stops at shopping centers, parks and the Pahokee health fair.

"We are being overrun by crime throughout the county," Mr. Butler said to his audiences. "The responsibility for this crime wave lies squarely on the current state attorney for failing to prosecute over 14,000 criminals for committing felonies in the last three years. It is time for all of us to say 'enough is enough.'"

According to Mr. Butler, many serious cases are rou-

tinely dismissed or plea bargained and criminals are put back on the street after serving only a minimal sentence.

Outlining his goals as state attorney, Mr. Butler said he will assign prosecutors to work with local police departments to target criminals neighborhood by neighborhood, and he would end the current policy of dismissals and plea bargains for repeat offenders who are responsible for 70 percent of serious crime.

"I will also shut down the drug houses used to snare our kids into the drug world and I will create a task force to attack and prosecute juvenile gangs," Mr. Butler said.

Mr. Butler added that he would join forces with federal

prosecutors and agents to use all available weapons to end the crime wave plaguing the Western Communities as well as other Palm Beach County locales.

He said his 23 years of experience in state and federal courts, as well as the Supreme Court, has helped him gain a state-wide reputation for fighting and winning tough cases.

"The large and enthusiastic response we've seen during our bus tour is certainly an indication of our strong support in the Western Communities as well as the desire of the law abiding citizens for a change of philosophy and goals in the state attorney's office," he said.

Western Palm Beach County Mental Health Clinic achieves CARF accreditation

The Western Palm Beach County Mental Health Clinic, Inc. has been informed by CARF, The Rehabilitation Accreditation Commission, that it has been accredited for a period of three years for its Adult Outpatient, Children's Outpatient (Nat Kahn Center) and Crisis Stabilization Unit programs.

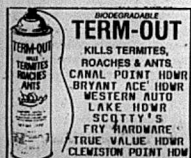

This accreditation outcome,

which represents the highest level of accreditation, is awarded to organizations that show substantial fulfillment of the standards established by CARF. It clearly indicates that the present conditions represent an established pattern of total operations that are likely to be maintained and/or improved in the foreseeable future.

"The Western Palm Beach County Mental Health Clinic has put itself through a rigid peer review process and has demonstrated that its rehabilitation programs are of the highest quality, measurable and accountable," according to Donald E. Galvin, Ph.D., president and CEO of CARF.

The Western Palm Beach County Mental Health Clinic is a nonprofit organization with administrative offices at 1024 N.W. Avenue D, Belle Glade. Positively Speaking, the adult outpatient office, is located at 607 S. Main Street, Suite 102 and the Nat Kahn Center for Children and Family Services office is located at 1500 N.W. Avenue L. The clinic has been providing mental wellness and substance abuse intervention and prevention programs in the Glades area since 1980.

CARF, a private, nonprofit, Tucson-based organization established in 1966, is committed to enhancing quality rehabilitation services utilizing a peer review process.

THE PROPERTY APPRAISER'S OFFICE IS NOW ACCEPTING PRE-FILE HOMESTEAD EXEMPTION APPLICATIONS FOR 1997 HOMESTEAD EXEMPTION. EQUALS A \$25,000 REDUCTION IN YOUR ASSESSED PROPERTY VALUE

In order to qualify for the 1997 Homestead Exemption you must:

- Hold title to the property prior to January 1, 1997 •
- Reside on the property on January 1, 1997 •
- Be a permanent resident of the State of Florida on January 1, 1997 •

When you apply for the exemption, please bring with you the following:

1. Evidence of ownership (recorded deed, tax bill, etc.)

2. Social Security Number

3. Permanent residency proof (Alien Registration Card), if not a U.S. citizen.

In addition, please bring the following items which apply to you, issued prior to January 1, 1997:

1. Florida driver's license.
2. Florida vehicle registration.
3. Florida voter's registration.
4. Declaration of Domicile.
5. Death certificate, if applicable for widow(er)'s exemption.

You then appear personally at one of the County Property Appraiser's Offices and file your application. Your application must be filed by March 1, 1997 in order to qualify for a 1997 exemption.

If title is held by husband and wife, either may file but should bring proof of residence for the spouse.

Lions Club welcomes new members

The Belle Glade Lions Club welcomed three new members at their August luncheon meeting.

New members include Micah Corbin, Lou Anne Guilford and Sherida Woodham. Micah is employed with Pioneer Growers Cooperative at the controller. Lou Anne is a plant

chemist with Great Lakes Chemical Company and Sherida is the vice president of Echols-Collins Electric, Inc. These new members promise to become very active in assisting the club with its fund raising efforts for visually handicapped charities as well as local charities.

The Lions Club members are currently taking orders for their annual birthday calendars.

Any member can take an order if someone would like to purchase one of the calendars with their family members birthdays and anniversary listings.

Nu Kappa Sorority news

The Nu Kappa Chapter of Beta Sigma Phi started the season with a Beginning Day Brunch at the home of Tina Herring.

The theme for Nu Kappa this year is "Reflections of Love" which was displayed in various ways by the hostesses.

Those members present included Judy Zambrory, Maria Molares, Lynette Wiseman, Susan Harrelle, Lily Rodriguez, Becky White, and hostess Tina Herring.

Everyone enjoyed revealing

their secret sisters and choosing new ones for the upcoming year.

Members agreed Tina's home was beautifully decorated and the meal was delicious.

The 1996-97 chapter officers are Judy Zambrory, president; Becky White, vice president; Betty Hodges, recording secretary; Tina Herring, treasurer; Marsha Smith, corresponding secretary; and Lynette Wiseman, extension officer. The 1996 Girl of the Year is Tina Herring.

The first business meeting was held at the home of Becky White. All the members listed above were present along with Betty Hodges and Marsha Smith.

Everyone enjoyed birthday cake in honor of Maria Molares and Marsha Smith. Lily Rodriguez won the door prize.

A coffee and Danish social is planned for September at the home of Lynette Wiseman. The next meeting will be held at the home of Betty Hodges.

Watch for the warning signs of cancer

By Paula Swaford, RN

It did my heart good this weekend to see Brett return to work. For those of you who don't follow major league baseball, Brett was diagnosed with cancer of the tonsils a few months ago. He has undergone two surgeries and 38 or 39 radiation treatments, and has now returned to the sport he loves. Cancer does not discriminate regarding age. He's in his mid-30s and has his whole life ahead of him.

Several years ago, a 39-year-old former Kansas City Chief professional football player died from esophageal cancer. The esophagus is the tube that leads from the throat to the stomach. He had been an overweight smoker most of his adult life, and in his prime, tipped the scales at 320 pounds. During the final year of his life, he lost down to 123 pounds, and did not remotely resemble the man I knew as my brother-in-law.

We have all heard about the dangers of smoking and chewing tobacco, but the involved people who smoke or chew always think it won't happen to them. Well, the "other guy" is rapidly passing the cancer around. More than 900,000 new cases of cancer are diagnosed every year in the United States and there are 600,000 deaths from cancer each year. Lung cancer continues to be the leading cancer killer of men, and it has surpassed

Paula Swaford

breast cancer as the leading killer of women also. This, of course, can be traced to the increase in the amount of women who smoke nationwide.

Another cancer that has rapidly "made its mark" in current statistics is prostate cancer. Ladies, we can relax on this one. Prostate cancer is the second leading cause of cancer death in men in the United States. This type of cancer is typically slow-growing and usually remains in the prostate. However it can aggressively spread or metastasize to other body systems and become life-threatening. Symptoms of this cancer include a decrease in the strength of the urine stream, difficulty getting urine started or completely stopped, frequent and painful urination, hip or lower back pain, and blood or pus in the urine.

The important warning signs of cancer are: unusual bleeding or discharge from any internal or external body site;

a lump or thickening in any area but especially the breast; a sore that does not heal; a change in bowel or bladder habits; hoarseness or persistent cough; indigestion or difficulty in swallowing; a change in the size or shape or appearance of a wart or mole; unexplained loss of weight. These are the major signs of cancer, and, once any one of them is observed in oneself or a loved one, it should be brought to a physician's attention without delay.

People have a tendency to be so frightened of the mere mention of the word "CANCER" that they tend to ignore the obvious warning signs and avoid confronting the possibility head-on. Does running away solve anything? Will denying that you have that "lump" make it go away? I think not. Make the intelligent choice and find out all you can to help you in the battle you may have ahead of you. After all, armies don't go into battle unprepared for what may occur. They use sophisticated equipment and strategic plans to conquer the enemy. You must do the same. Arm yourself with all the modern technologies and information available and join with the medical community to fight this horrible disease. Don't put your head in the sand and pretend the "war" doesn't have to be fought.

Until next time, stay informed and stay healthy.

events and the City of South Bay's many supporters.

South Bay needs your support and wants you to be an integral part of this celebration.

If you are interested in advertising in South Bay's "Souvenir Booklet" respond today. The city looks forward to receiving your order no later than Sept. 15.

Should you have any questions please do not hesitate to call Virginia K. Walker, Co-Chair for Advertising/Publicity Subcommittee, at 996-3658.

The City of South Bay would like to take this opportunity to thank everyone for their support and encourage you to join in the festivities.

"With your assistance and participation, Bayfest '96 will be an overwhelming success," said South Bay Mayor Clarence Anthony and City Clerk Virginia K. Walker.

Practice begins for Community Living Christmas Tree Choir

The Community Living Christmas Tree Choir, under the direction of Carol Schmidt, will begin practice on Monday, Sept. 16.

Practice will be held in the

Community United Methodist Church parlor beginning at 7 p.m.

Anyone who would like to participate is encouraged to attend and bring a friend.

spotlight on health

"Farm family of the Year"

— continued from page 1

stint in the Army and then returned home to Pahokee. He married his wife, Barbara, in 1957 and they have five children and five grandchildren.

"I consider it an honor for my family to be named Farm Family of the Year by the Farm Bureau," said Mr. Pope. He said farming has been good to him and his family. "I've survived and made a living here for all these years. That's good," he noted.

Two of his four sons and his wife and daughter were on hand with Mr. Pope to accept the award Tuesday night at the Belle Glade Elks Lodge. Mr. and Mrs. Pope's sons are

Lewis Pope, III, Norman Evan Pope, Sherman Mathis Pope and Walter Russell Pope and their daughter is Claire Collier.

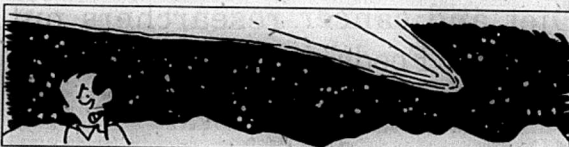

Presenter Ray Caruthers said the Pope family have been a good example for others and he remembers their kindness to him when he was a teenager planting his first crop of beans.

Mr. Caruthers said E.L. Pope, Jr. gave him good advice on how to save his bean crop after a frost and loaned him the chemicals to dust the beans so they didn't die.

"I don't remember if I made a lot of money off that first crop of beans, but I do remem-

ber his kindness," said Mr. Caruthers.

The EAA Farm Family of the Year is chosen by previous recipients of the honor. Other families who have been named Farm Family include: The Joe Orsenigo Family, 1986-87; The Bob Simonson Family, 1987-88; The Clarence Pate Family, 1988-89; The Fritz Stein Family, 1989-90; The Ruth Wedgworth Family, 1990-91; The Clark Hull Wilkinson Family, 1991-92; The Schlechter Family, 1992-92; The Lewis Friend Family, 1993-94; The J.H. Chamblee Family, 1994-95; The Billy Rogers Family, 1995-96.

Since comets appear in the sky without warning, people in classical times and especially during the middle ages believed that they had a special meaning, generally bad.

To receive a present handsomely and in the right spirit, even when you have none to give in return, is to give one in return.

—Leigh Hunt

School signs needed

"Good morning. I'm calling in reference to Belle Glade Elementary and the school signs. We've started a new school year and as of this time there are still no school zone signs.

I don't know whose attention to bring this matter to, but if you could please find the right person and bring it to their attention. There are a lot of children who are walking to that school and we need to get those signs up.

The last couple of days, last Thursday and Friday and today, there hasn't been an officer out there and I'd just like to know what's going on.

Thank you."

Glenda N. Garrett, principal at Belle

Glade Elementary responds: "We at Belle Glade Elementary have been working with Larry Zabik and with Planning and Real Estate to get the appropriate school zone signs for the front of the school. Mr. Zabik's office has assured us that the signs will be in place as soon as possible.

We realized the need for the signs and have tried diligently to have them in place before school opened.

The police officer who was working in the front of our school has been assigned to the rear of the school since our walkers are dismissed at the back. We have worked very closely with the Belle Glade Police Department to ensure the safety of our students.

We appreciate your interest in our school."

Letters to the Editor

Community steps up

Dear Editor:

Not very many years ago organizations like the Association for Retarded Citizens (ARC) could approach two or three different public sources when it needed help to improve its facilities. Recent changes in the political climate have squeezed those resources dry.

When the "Contract with America" declared that "Big Government" should not tax Americans to provide local services the implication was that money would be left in the taxpayer's pocket and local needs could be met by local resources.

Whether taxes actually declined is arguable, but clearly government is no longer willing to provide the opportunities for program improvement that were once available. The community's obligation, as defined by our legislators, has become a necessary resource for community-based human services. Not surprisingly, the Glades communities and local businesses are demonstrating to the rest of the county exactly what means.

For example, as part of a recent renovation to ARC's Adult Programs Facility, a new walkway was required. This is how it came to be: Item: Heavy equipment and operator, sand, mason, interlocking pavers, 4,000 square feet of sod; Resource: Henry Rios, Okelanta Power, Bill Abernathy, Paver Systems, Inc., King Ranch - all donated.

As a result of the community stepping up to help where it was needed, a \$4,000 project was reduced to less than \$1,000 of material and labor cost, and people served by the facility now have something to be proud to attend.

And, by the way, the list above was only the walkway. Additional contributors to the general renovation project include Charles Royal (Oke-

chobee Inn), Glades Correctional Institution and the Palm Beach County Sheriff's Drug Farm (for manpower), and Designer Windows, Inc. (Moses Moore).

Again, the Glades is the model for community action in Palm Beach County.

Scott Kannel
Director, Glades Area Association for Retarded Citizens

Asking for public's help

Dear Editor:

I am a collector and researcher of early American license plates and am seeking information about early auto tags issued in the State of Florida.

From 1911 through 1917, Florida cities and counties were responsible for the issuance of license plates. Each jurisdiction designed its own license plate during that time period. Most of the plates were issued annually.

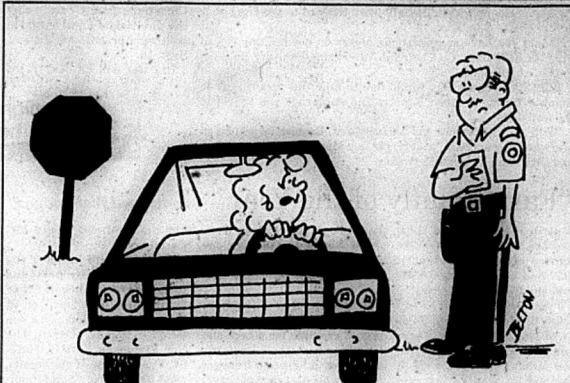

Most of the city/county issued plates were made of porcelain enamel baked onto steel. A few were made of copper and brass. They always show the city/county name and most are dated. Most were rectangle size but some were square and round in shape.

Currently there are approximately 240 different known examples of Florida license plates from this time period. Potentially, there were 700 different types issued.

In 1918, the state took over the licensing responsibility and began issuing statewide license plates. Uniquely, Florida was the last of the 48 contiguous states to issue a standardized state issued license plate.

I would like to ask the public's help in adding to our archives. If anyone in the area has a city

"WELL HEAVENS TO BETSY, IT'S LITTLE TIMMY SNORT... WHEN I TAUGHT YOU IN THE THIRD GRADE YOU COULDN'T SPELL STOP... HOW IN THE WORLD WOULD YOU KNOW IF I DIDN'T DO IT NOW?"

Diet and cancer researchers put "Wonder Foods" in perspective

By Cathy Seigerman

American Institute for Cancer Research

Beta-carotene, olive oil, red wine - these are just a few of the items we eat that are being touted as "wonder sources" of protection from cancer and other diseases. But for every research finding that shows health benefits, another study tells a different story about the same dietary substance we'd like to believe is boosting our health. Why is there so much conflicting information, and what should consumers believe?

Several leading diet and cancer researchers from the American Institute for Cancer Research tackled this question at a recent symposium in New York on "Diet and Cancer. Putting the Puzzle Together."

"Exploratory study results are sometimes mistaken for information that is useful to the general public," commented Dr. John D. Potter, head of the Cancer Prevention Research Center at Fred Hutchinson Cancer Research Center, professor of epidemiology at the University of Washington, Seattle, and co-chair of the World Cancer Research Fund expert panel on diet and cancer. He noted as one example the nutrient beta-carotene, which as a component in foods has been shown to help protect against cancer. However, two recent studies found beta-carotene to lack protection and perhaps increase cancer development among both Finnish and American smokers. Dr. Potter explained that this was good science that tells us clearly that a relatively high dose in high risk individuals is not protective. However, he said that one or two studies alone are not enough to determine good public health policies: in this example, beta-carotene is just one piece of a very large and complex puzzle that shows overall that a higher plant food intake probably is protective.

Potter also noted that different answers result from different types of scientific studies. Human studies, studies with laboratory animals, and "test-tube" studies of cells and substances under microscopes all have different purposes and outcomes - although they are all necessary to understanding the entire picture of how and why a food might protect against cancer and other diseases.

"We end up with a picture of mechanisms from isolated laboratory studies that may or may not directly reflect what's going on in human beings. That's because we consume complex diets and complex mixtures of foods every day of our lives," he said.

"What we desperately need is to get simple ideas out of complex biology," said Dr. T. Colin Campbell, professor of Nutritional Biochemistry, Cornell University, and co-chair of the World Cancer Research Fund expert panel on

diet and cancer. "There are many exciting indications in all of the research that is going on, but we still don't know enough about how specific foods or substances in them work in combination to protect our health."

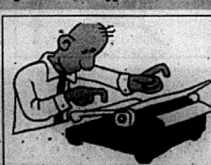

Dr. Campbell said that after health authorities in the early 1980s issued the recommendation that Americans reduce fat from 40 percent of daily calories to 30 percent or less, people began to think that cutting fat was the only answer to a healthier diet. Since then, he noted, "We've learned that cutting back on certain foods is only half the story. We need to increase the amount and variety of protective foods like fruits and vegetables. It doesn't mean that broccoli or another plant food is individually going to be the answer, because we need protection from the hundreds of different compounds we get from eating a wide variety of fruits, vegetables and grains."

Dr. Campbell has compared Asian and American eating trends as director of the Cornell-Oxford-China Diet and Health Project, a 15-year study currently funded by the American Institute for Cancer Research, to analyze dietary habits and disease rates among thousands of rural Chinese families. He noted that the Chinese population's diet high in plant foods and low fat intake from eating few animal-based foods seemed proportionate to their lower rates for several cancers common in the West. Meanwhile, Westerners' greater meat and lower vegetable and grain intakes may be linked to their higher cancer rates. More physical activity also seemed to play a role in lower rates of these cancers among Chinese in contrast to the more sedentary lifestyles of people in Western societies.

The researchers concluded that, until more research reveals answers about specific protectors in fruits and vegetables, the best advice is generally to eat a wide variety of fruits, vegetables and whole grains; to keep fat to a minimum, and to get regular exercise.

The American Institute for Cancer Research is the only major cancer charity focusing exclusively on the link between diet, nutrition and cancer. The institute provides a wide range of consumer education programs that have helped millions of Americans learn to make changes for lower cancer risk. AICR also supports innovative research in cancer prevention and treatment at universities, hospitals and research centers across the U.S. The institute has funded more than \$37 million for research in diet, nutrition and cancer. Researchers estimate that 40 to 60 percent of all cancers are linked to our diets. AICR's Internet Web site address is <http://www.aicr.org>

The police news in this newspaper lists arrests, not convictions, unless otherwise stated. Arrested persons who later are found not guilty or have had the charges against them dropped are welcome to let us know. We will confirm the information and print it.

NEW DOC IN TOWN—Jeffrey Perelman, MD, has opened his general pediatrics office in the Planned Parenthood building at 132 S.W. Avenue B, Belle Glade. Dr. Perelman is shown with Gloria Van Brocklin, Pediatric Nurse Practitioner, ARNP. Dr. Perelman can be seen by appointment by calling 996-0016 or walk-ins are welcome and Ms. Brocklin will see patients. The office is open Monday-Friday, 9 a.m. to 5 p.m.

Crimestoppers

Crimestoppers of Palm Beach County, Inc. is asking for your help in locating **Dwayne Wendell Fripp**, also known as **John Williams**. Fripp is wanted for aggravated assault with a firearm and possession of a firearm by a convicted felon. He is 5'9" tall and weighs 150 pounds. He has black hair and brown eyes and his last address is unknown. His Social Security number is

unknown and his occupation is also unknown. His birth date is listed as August 8, 1965. His warrant was active as of September 3, 1996. If you know the whereabouts of Fripp or anyone involved in a serious crime, call Crimestoppers at 1-800-458-8477. You can remain anonymous and still receive a cash reward if your tip leads to an arrest or the recovery of stolen property.

Pahokee Police Department Arrest Blotter

The Pahokee Police Department made 9 arrests the week of September 1-7. Those arrested or ticketed included:

September 1 - Juvenile, 17, Pahokee, battery on a police officer, obstruction without violence and obstruction by a disguised person; **Larry Taylor**, 31, Pahokee, warrant for failure to appear in court.

September 2 - No arrests

Scouts enjoy fishing trip, thanks to local donations

Members of the Latter Day Saints Troop 602 Boy Scouts enjoyed a fishing trip recently.

The boys and their chaperones left Thursday, Aug. 15 and arrived at Key West Big Pine Key Fishing Lodge.

Eleven Boy Scouts participated along with troop leaders **Lt. Albert Dowdell** and **Carol Wright**. They stayed at the lodge through Saturday, Aug. 17.

While there, the kids went snorkeling on the reef and also enjoyed a night fishing trip on the Marathon Lady.

"Many of these boys had never been snorkeling or deep sea fishing," said **Lt. Dowdell**. "It was a really rewarding experience to take these boys. I feel like I got as much from the experience just being with them, as they did. They had a wonderful time."

Several of the boys caught fish. "You can't imagine the shining faces when they caught those fish," said **Lt. Dowdell**.

During the trip, the troop went to the Key West Aquarium when they learned about Marine life.

Lt. Dowdell said the boys did all their own cooking, cleaning up after themselves and were responsible for setting up and taking down their tents as well as keeping the camp site clean.

"We're very grateful to this community for helping fund this event," said **Lt. Dowdell**, "and we want them to know that we don't just want to take from the community, we want to give back."

Appointments available with Rep. Minton

State Representative **Rick Minton**, District 78, will have staff available to meet with constituents Wednesday, Sept. 18 at 10 a.m. at Belle Glade City Hall. City Hall is located at 110 S.W. Avenue E, Belle Glade. Anyone who would like an appointment to meet with Legislative Assistant **Candace J. Wright**, should call (561) 279-1633 or 996-0100, ext. 608.

September 3 - No arrests

September 4 - James Denard, 28, Pahokee, battery; **David Santoyo**, 37, Pahokee, retail theft.

September 5 - Charles Freeman, 35, Pahokee, battery on a person five years old or younger; **Calvin Walker**, 24,

Pahokee, domestic battery and violation of a domestic order; **Thomas McArthur**, 30, Pahokee, battery.

September 6 - Terry Hughes, 24, Pahokee, aggravated assault.

September 7 - George Baker, 40, Pahokee, obstruction without violence and possession of drug paraphernalia.

Pahokee Health Fest '96, a huge success

Celebrating a Healthy and Safe Community

The HRS/Palm Beach County Public Health Unit, St. Mary's Catholic Church, Pahokee, and the entire Glades community sponsored a Health Fest '96.

The event took place on Saturday, Sept. 7, 1996 from 10 a.m. to 4 p.m. on the grounds of St. Mary's, located at 1200 East Main Street, Pahokee.

Various community agencies gathered their resources to offer FREE immunizations, school physicals, health and safety information, and voter

registration.

The pregnancy lab van and the Doctor Bus were also on the premises.

Representative Addie Green presided over the ribbon cutting ceremony for the grand opening of the new WIC Center.

Free entertainment was provided by several gospel singing groups, ethnic dancers, animal acts, a moon bounce, train rides, and roving clowns.

The Everglades Regional Medical Center's ambulance

and the Pahokee Fire Department were on hand to do demonstrations.

Ethnic foods and drinks were available throughout the day. In addition, lots of door prizes were given away. The main prize was two tickets to Disney World and the Magic Kingdom.

Last year this event was attended by over 500 people who enjoyed a full day of free fun and festivities.

This year, the number of attendees increased.

THE PAHOKEE FIRE DEPARTMENT gave children a first hand demonstration on how to use a fire extinguisher.

THOSE SMILING FACES IS WHAT IT'S ALL ABOUT.

PAHOKEE HIGH SCHOOL'S ROTC members were on hand to lend their services at Saturday's Health Fest '96. Pictured above are: (front) Cadet Basic Middleton and Cadet Sgt. Quarry, (back) Cadet Basic Rocha, Cadet Staff Sgt. Jones, Cadet Captain Abaunza, Sgt. Law, and Cadet Captain Sepulveda.

THE GOOD DOCTOR DONATES HIS PARKING LOT FOR HEALTH FEST '96... Pahokee's Dr. Provenciale donated his parking lot to assist in parking spaces for the many visitors Sat.

PLENTY OF FOOD WAS SERVED SATURDAY AT HEALTH FEST '96.

THESE LADIES FROM FAMILY CARE AND EVERGLADES REGIONAL MEDICAL CENTER were responsible for giving away balloons and hats to all who wanted one on Saturday.

PHIL BUTLER, who is running for State Attorney, took time out of his schedule to talk politics with Pahokee's Sgt. Ken Law at Health Fest '96.

GFC sets early duck and dove season date

The Game and Fresh Water Fish Commission (GFC) recently announced season dates for this year's early duck and dove seasons in Florida.

The early duck season is set for Sept. 21-25. The early season daily bag limit is any combination of four teal or wood ducks. Nontoxic shot is required during this season.

Previously, dove season opened in September in the GFC's Northwest Hunting Zone.

The first phase of the statewide dove season is Oct. 5-25 (shooting hours are from noon to sunset). The second and third phases are Nov. 16 through December 1 and December 14 through January 12. Hunters may take up to 12

birds daily. However, only four birds may be white-winged doves. The possession limit is 24 birds, and only eight may be white-winged doves.

For taking migratory game birds, hunters may use shotguns not larger than 1-gauge, plugged to a three-shell capacity with a one-piece filler which cannot be removed without disassembling the gun. Also, long and compound bows and arrows, falconry, dogs, artificial decoys and manual or mouth-operated bird calls are legal hunting methods for migratory bird hunting.

It is illegal to bait (place feed such as corn, wheat, salt or other feed to constitute a lure or enticement) or hunt on or over any baited areas.

Glades area Boys & Girls Clubs to benefit from fishing tournament

Over 500 children from the Glades Area Boys & Girls Clubs will be the beneficiary of the First Annual Bass Fishing Tournament on Saturday and Sunday, September 28 and 29 at Roland Martin's Marina in Clewiston.

This tournament, designed to appeal to the anglers who live in and around Lake Okechobee promises to be a great day, according to Bill Carter, area director for the Glades Boys & Girls Clubs.

"We wanted to organize an event that would mean everything else we have done in the past and cater to an entirely different clientele. We truly hope our first mission will be successful and if early interest indicates this, we are certain to accomplish our

goal."

Registration begins at Roland Martin's Marina on Saturday at noon and lasts until 3 p.m. The fishing tournament begins on Sunday at first light. A two person buddy team may enter for \$150 per boat and includes a barbecue dinner following the event. A total of \$10,000 in prize money will be awarded.

The Boys & Girls Club is a non-profit organization which provides programs and activities for children after school and during school breaks and has four sites in the Glades area.

Please call and ask Marta Alvarez of First Community Bank of Palm Beach County for more information. The telephone number is 996-8000.

ID numbers now available for non-resident aliens

There are many foreign-born people living in South Florida who want to file an income tax return but can't because they do not have a Social Security Number (SSN).

There is now help for these people - non-resident aliens, they are called - and it comes from the Internal Revenue Service. The agency is now issuing Individual Taxpayer Identification Numbers (ITINs) to certain individuals who are required to have a U.S. individual taxpayer identification number, but are not eligible to obtain a SSN.

Who, you wonder, would want a taxpayer ID number? There are actually several cases where an ID number is necessary. The following need the special ITIN:

- Nonresident aliens not eligible for a SSN who are required to file a U.S. tax return, or who are filing a U.S. tax return only for the purpose of claiming a refund;
- Nonresident aliens not eligible for a SSN who elect to file a joint U.S. tax return with a spouse who is a U.S. citizen or resident alien;
- U.S. resident aliens who file U.S. tax returns and who are not eligible for a SSN;
- Aliens claimed as dependents on U.S. tax returns and who are not eligible to obtain a

SSN, and

• Aliens claimed as spousal exemptions on U.S. tax returns and who are not eligible to obtain a SSN.

In past years, the IRS has issued temporary numbers to process returns involving individuals who could not obtain SSNs. However, that will soon be changing. Beginning January 1, 1997, the IRS will suspend processing such returns until taxpayers provide valid identification numbers.

Taxpayers needing ITINs can obtain them by filing IRS Form W-7, Application for IRS Individual Taxpayer Identification Number, with the IRS, Philadelphia Service Center, ITIN Unit, P.O. Box 447, Bensalem, PA 19020. You will need to send at least two pieces of identification with the form. They must be either originals or certified copies. One source of identification must include a recent photo. Call the IRS at 1-800-829-3676 to get the form.

Taxpayers can also take their Form W-7 and identification to a local IRS office. The IRS will validate the W-7 and forward it to Philadelphia.

The ITIN is intended for tax use only. The numbers will create no inference regarding the immigration status of a foreign person, or the right of that person to be legally employed within the United States.

Child center provides meals for children at no charge or at reduced prices

The O'Say Child Development Center in Pahokee is offering meals at no separate charge to enrolled eligible children at the center, 255 South Lake Avenue, Pahokee.

These meals are provided without regard to race, color, national origin, sex, religion, age or handicap.

Parents or guardians of children eligible for the free and/or

reduced-price meals must complete an application with documentation of eligibility information including number and names of all household members, social security number of the head of household or primary wage earner or adult signing the application.

For more information, contact the center in Pahokee at 924-2620.

Wedding/Engagement announcements:

Boots - Brand to wed

The engagement of Kimberly F. Boots and Christopher C. Brand, both of Sarasota, is announced.

Kimberly is the daughter of Mr. and Mrs. W. Stewart Boots of Apollo Beach, FL, and the granddaughter of Mr. and Mrs. V.A. Boots, all formerly of Belle Glade, and the Rev. and Mrs. Joseph C. Sides and the late Dorothea C. Sides, all of Tampa, FL.

Christopher is the son of Mr. and Mrs. D. Calvert Brand of Albuquerque, N.M. He is the grandson of Mr. and Mrs. W. Calvert Brand of Columbus, Ind. and Mrs. Morris Kincheole of Louisville, Ky.

The bride-elect graduated Phi Beta Kappa from the University of Florida in 1994. Formerly employed by Clarke Advertising & Public Relations, she studies biology at the University of South Florida.

The bridegroom-elect graduated in 1994 from New College. He is employed by Riscorp Management Services.

An October 12 wedding is planned.

Murphy - Graydon to wed

Mr. and Mrs. Charles D. Murphy of Palm Beach Gardens, FL, are pleased to announce the engagement of their daughter, Jennifer Ann to Dwight R. Graydon II, son of Mr. and Mrs. Ronnie Graydon of Pahokee, FL.

The bride-elect is presently attending Brevard Community College and also works at First United Bank in Palm Bay, FL.

The groom-elect graduated from the University of South Florida in Tampa, FL, and is presently working at Satellite High School in Satellite Beach, FL.

Plans are being made for a May 31, 1997 wedding in Melbourne, Florida.

Florida Game & Fresh Water Fish Commission News:

Tournament exemptions

Bass clubs holding fishing tournaments can be exempted from size limits if they live release all fish, and follow other guidelines established by the Florida Game and Fresh Water Fish Commission (GFC).

To qualify, bass clubs must file for an exemption from the GFC at least 30 days before the tournament said Frank Morello, GFC's Everglades Regional Fisheries Biologist.

Guidelines are the same for every water body in the Everglades Region which includes the following counties: Broward, Dade, Palm Beach, Monroe, Martin, St. Lucie, Indian River, Collier, Hendry, and Okechobee.

Live release guidelines for water bodies in these counties require the following:

- each participating boat must have one or more aerated livewells.
- all bass shall be transported to the weigh-in site in water-filled containers, such as heavy duty plastic bags.
- no more than five bass may be transported in one water-filled container.
- a penalty of at least four

ounces must be imposed for each dead fish weighed-in.

- only artificial lures may be used.
- bass taken during the tournament must be returned to the water.
- live fish may be retained by GFC biologists for research purposes.

• dead fish should be donated to a charitable organization or to a research facility as authorized by a GFC field biologist or wildlife officer.

- competitors may not weigh-in more than five bass per day.
- bass clubs must apply for an exemption permit 30 days before the tournament.

In addition to the above:

- special summer restrictions apply July thru Sept. on Lake Okechobee. Details may be obtained by calling the Okechobee Field Station at (941) 763-4666.
- special summer regulations also apply to many lakes in the Everglades Region south of Lake Okechobee from June thru Aug. Details may be obtained by calling the Everglades Regional Headquarters in West Palm Beach: (561) 640-6100.

Fishing with Walt Reynolds

I thought Hurricane Fran might move some cooler weather our way, but no such luck. We still have our high water temperatures and the fish should still be deep. But guess what? The bass have again shown us that they are the only ones who know for sure just what they will do. Those anglers who have what I always called an "open mind" have again come to the front with some real ideas.

This weeks Red Man tournament saw some really big fish caught. Dave Tripp of Vero Beach won the event with a three fish limit, weighing an incredible 18 pounds 13 ounces, anchored with a nine pound, eight ounce lunker which fell one ounce short of Jeffery Thomas' nine pound, nine ounce big bass.

Second place weights fell all the way to 19 pounds, 13 ounces for Mike Surman. All the better catches came in shallow water

flipping the reeds with crowbars and worms. It just proves that you have to move when the fish do, regardless of where you think they should be.

I think they should be commended for helping protect the resources and still allow the fisherman to enjoy the sport.

To all a good bite,
Walt Reynolds
B.A.S.S. Touring Pro.

Birth announcement:

"Welcome, Skyler West"

Scott and Dawn Donaldson of Belle Glade announce the birth of their son, Skyler West.

Skyler was born September 3, 1996 at Wellington Regional Medical Center. He weighed 10 pounds, 5 ounces at birth and was 22 inches in length.

Skyler's daddy, Scott Donaldson, is a firefighter for the Belle Glade Fire Department. His mother, Dawn, is a firefighter for the Royal Palm Beach Fire Department.

It isn't so astonishing, the number of things that I can remember, as the number of things I can remember that aren't's.
—Mark Twain

Glades Central gives first "home" crowd a 48-17 victory game

RAIDERS - Last week, Aug. 30, Glades Central played on Pahokee's field due to incomplete bleachers which stifled sitting arrangements at Glades Central's field. The Palm Beach

Lake Rams defeated the Raiders 41-40.

On Sept. 6, after not being able to play their first home game on their home field, the Glades Central Raiders' football team gave their "home" crowd a game worth the money.

The Raiders defeated Pope John Paul 48-17, with 242 rushing yards. Pope John Paul only totaled 103 in total offense.

Glades Central's running back Andre Bryant shined, by rushing for 130 yards, and having three touchdowns on 11 carries, one of which was a 70 yard run.

READY TO GO TO WORK... Pictured above are several Glades Central Raider's who were ready to win their first "home" game of their season. The Raiders dominated the game 48-17 Sept. 6.

Glades Day Gators devour LaBelle Cowboys 47-3

By Roger Alexander

GATORS - This past Friday night, the LaBelle Cowboys opened the regular season against the Glades Day Gators.

The Gators came into the game ranked number one in the state in 2-A, after winning the state championship last

year.

They also came in with revenge on their minds for the last few years in which LaBelle was the only team to stand between them and perfect seasons.

Coming in, Coach Ron Dunbar had said the main concern was to stop Lee Sweet, Glades Day's tailback. The defense did that fairly well, allowing him 116 yards on 20 carries and holding him to just one touchdown. However, too many big plays by other players proved too much for LaBelle's inexperienced defense to handle. The big plays usually came when the LaBelle defense held on first and second downs, only to relax and give up the third and long. Plays of 35, 35, and 56 yards came in just that situa-

tion, with two of those plays going for touchdowns and the third setting up a first and goal inside the ten.

LaBelle won the coin toss and elected to receive the opening kickoff. Brian Woulard took the ball on the five and was hit on the 41 yard line where he coughed up the football. With their backs to the wall, the defense came out strong turning away an early advantage and forcing the Gators to punt after three plays.

The offense came out and on their first offensive play fumbled the exchange between center and quarterback. Luckily, Bruce Rimes was able to fall on the loose ball and prevent an easy touchdown by Glades Day. After a second-

down run in which Woulard believed he was brought down by the face mask, a move not verified by the referee, LaBelle was looking at a big third down. Woulard took the hand-off and, after breaking the first would-be tackler, carried the ball for 36 yards and a first down. Although LaBelle did not score, they took nearly six minutes off the clock before being forced to punt.

After the shaky start, the team seemed to be settled down and ready to play. That's when the unexpected happened. Glades Day's next six possessions all ended in touchdowns. They seemed to be able to score at will against a defense that had looked so strong earlier.

LaBelle did manage to get on

the board late in the fourth quarter when Ryan Lee lined up and drilled a 33 yard field goal. This foiled the shutout, but the final score was very heart-wrenching for the LaBelle Cowboys at 47-3.

"This was a pretty good game. We made some mistakes and we have a lot of room for improvement. One thing, we're not getting off the ball early in the game," said Glades Day Gator Head Coach Mandy Perez.

Next week is the Gator's off week and then Glades Day is playing American Heritage.

"This is a district game and they're pretty tough," said Coach Perez. "The winner of this game will be in control of the district race early on," he added.

Palm Beach Lakes defeats the Pahokee Blue Devils 35-6

BLUE DEVILS - The Pahokee Blue Devils football team suffered a loss to #1 Palm Beach High School in its season opener last Friday at Lair field.

The Rams led 21-0 at half time. The Blue Devil's defense held the Rams scoreless during the third quarter. The Rams

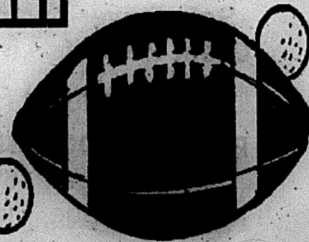

were able to score twice during the last five minutes of the game.

The Blue Devils mounted a drive that ended in Anquan Boldin connecting with Henry Pickens for a nine yard touchdown. Boldin completed 14 or 25 passes for 156 yards during the game compared to the

Rams 173. The difference in the game was the Rams ability to run on the Blue Devils and their ability to hold the Devils offense to 37 yards rushing.

The Blue Devils are looking forward to Friday night's game against Forest Hill High School. The Falcons will travel to Pahokee for the showdown.

Belle Glade, Florida 33430

The City of Belle Glade welcomes residents and visitors alike to its marina campground and municipal golf course. Nestled amidst Florida's beautiful, natural habitat, the Belle Glade Marina Campground is the perfect spot for a relaxing and pleasurable visit. And this Lake Okeechobee area is known as one of the best fishing spots in the nation for bass, speck, bluegill, and fresh water catfish.

Capitalizing on the use of one of its greatest natural resources, the City of Belle Glade developed Torry Island in world-famous Lake Okeechobee as a recreational area. Dedicated in 1965, the Marina Campground has been expanded over the years to include 350 full service campsites. Many of the campsites have back door docking facilities with easy access to Lake Okeechobee. A two-acre portion of the island is reserved for wilderness tent camping. The Marina Campground has eight boat launching ramps and seven picnic shelters as well as the main pavilion. The pavilion is equipped with an enclosed meeting area, picnic tables, restrooms, a kitchen, and barbecue cookers. Overlooking the water, the marina pavilion is an ideal outdoor facility for local barbecues, civic functions, and family get-togethers. The Black Gold Jubilee is held each April at the marina pavilion.

According to Marina Campground Director Mike Underwood, the City is planning a number of improvements at the recreational facility. Underwood says, "We are adding a wooden deck to the pavilion and developing a nature walk so that residents as well as tourists can enjoy the area's many resources." Since the top of the Hoover Dike has been designated a part of the Florida Scenic Trail, the campground area has seen an increase in nature enthusiasts, bird watchers, cyclists, and nature photographers.

In addition to excellent fishing, visitors to the campground can enjoy organized evening activities such as bingo, arts and crafts, movies, and dancing. Horseshoe pits, shuffleboard courts, and a nearby 18-hole golf course provide a little something for everyone.

The Belle Glade Marina Campground has become a home-away-from-home for nearly 2,000 yearly visitors. The warm and friendly atmosphere makes this an ideal place to spend a few days or a few weeks in South Florida. For camping and the best fishing around, just call 661-996-6322 or 661-996-0100.

One of the Top 100 Hospitals in the country is right in your own neighborhood.

Columbia Palms West Hospital is proud to be recognized as one of the best-run hospitals in the United States. In an annual study of nearly 4,000 hospitals by HCIA, a Baltimore-based health care information company, and New York-based Mercer Health Care Provider Consulting, Columbia Palms West Hospital was recognized for exceeding the medical industry's standards for financial, operational and clinical performance.

Columbia Palms West Hospital would like to thank our dedicated physicians, employees, and volunteers for achieving this standard of excellence. And congratulations to the people we serve. Nationally recognized, high-quality health care is just minutes from any place in Palm Beach County. That makes our patients winners, too.

PHYSICIAN SPOTLIGHT

The Pediatric Center

Since its establishment in 1987 in Wellington, The Pediatric Center has provided services to children in Palm Beach County and the western communities. Due to the growing number of patients traveling from the Belle Glade, Pahokee and Clewiston areas, we have decided to open an office in Belle Glade at the Palms West Professional Plaza.

Our staff consists of our board certified pediatricians, Dr. Shirley A. Marineau, Dr. Susan Shamaskin, Dr. Stacey Clark and Dr. Grissel Diaz de Villegas. Recently joining us this past month is Dr. Ali Khosravi, who is board eligible in pediatrics and will be taking his exam this year. As an added benefit, four of our physicians are bilingual in English and Spanish.

Our practice specializes solely in the care of children—from newborns to adolescents. We provide services such as well child care, including immunizations, hearing and vision testing, hemoglobin tests as well as tuberculosis screening. Because of our special training, exam rooms and instrumentation, we are able to take care of children of all ages, including children with disabilities. Also, we diagnose and treat most childhood illnesses and pay special attention to prevention. When needed, we refer to pediatric sub-specialists.

The Pediatric Center offers special services for children with chronic ear infections and monitors our asthmatic patients with the help of in-house oxygen measurements as well as spirometry. We offer in-house testing for other diseases as well. Also, we make special arrangements to provide free immunizations to patients without insurance coverage.

We invite you to visit our new office in Suite 202 and meet our doctors. We are providers for most insurances and accept Medicaid and Medicare. Office hours are Monday, Tuesday, Thursday and Friday from 9:00 am to 5:30 pm and Wednesday from 9:00 am to noon. We also offer emergency services Saturday morning in our Wellington office, located at 10111 West Forest Hill Boulevard. For more information, call our office at (561) 996-5252.
